

Please read *all* these instructions before beginning assembly.

## Exploded View

### 1. Assemble the pineapple shell

- 1.1. Score parts 2-9
- 1.2. Cut out parts 1-9
- 1.3. Pre-fold parts 2-9; the yellow dash lines are valley folds, all others are mountain folds.
- 1.4. On part 2, glue tab labeled (3), to part 3 where indicated (do not attach any other tabs from part 2 to part 3 at this time) see Figure 2.
- 1.5. On part 3, glue tab labeled (4) to part 4 where indicated (again do not attach any other tabs from part 3 to part 4).
- 1.6. Continue in this manner for parts 4 through 9
- 1.7. Attach this assembly to part 1
- 1.8. Attach remaining tabs of part 2 to part 3
- 1.9. Attach remaining tabs of 3 to 4, then 4 to 5, and so on through to part 9.
- 1.10. Attach part 9 to part 2.
- 1.11. Attach bottom tabs of parts 2 through 8 to octagonal base piece of part 9.
- 1.12. This completes the pineapple shell. Set aside.

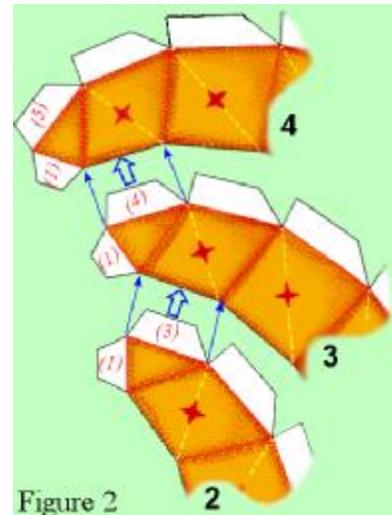

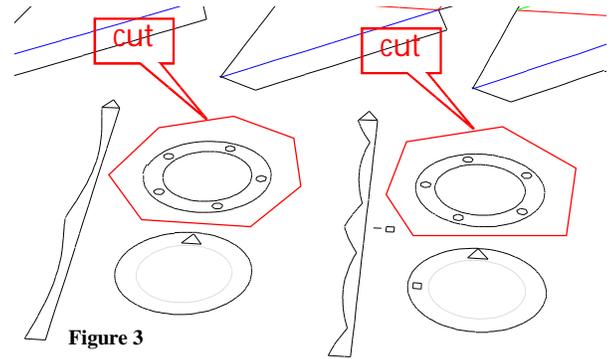

Figure 2

2. Assemble the porthole windows.

- 2.1. Cut out parts 16 and 19 roughly, as shown in figure 3, do not remove center sections yet.
- 2.2. Laminate to some excess card to make double thick.
- 2.3. Remove center sections only of 16 and 19.
- 2.4. Glue 16 to 15. Glue 19 to 18.
- 2.5. Cut out assembly 16/15 and assembly 19/18
- 2.6. Cut out part 14, gently curl into a circle and glue.
- 2.7. Glue the flat edge of 14 to 16/15 noting orientation of the seam; with 16/15 oriented with the light shading at the top, the seam of 14 will be at the 3 o'clock position.
- 2.8. Glue completed porthole in position indicated on pineapple
- 2.9. Cut out part 17, gently curl into a circle and glue.
- 2.10. Glue the flat edge of 17 to 19/18 noting orientation of the seam. with 19/18 oriented with the light shading at the top, the seam of 17 will be at the 3 o'clock position.
- 2.11. Glue completed porthole in position indicated on pineapple.

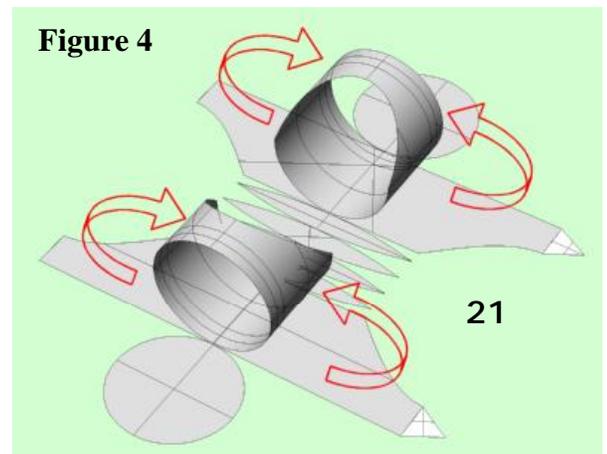

3. Assemble Front door

- 3.1. Cut out parts 11, 12 and 13 roughly and laminate onto spare card to make double thick.
- 3.2. Score part 10, cut out. Do not fold yet.
- 3.3. Cut out part 11, glue to part 10.
- 3.4. Cut out part 12, glue to part 10.
- 3.5. Cut out part 13, glue to part 11.
- 3.6. Fold and assemble part 10.
- 3.7. Attach assembly to pineapple shell.

4. Assemble smokestack

- 4.1. Score part 21, cut out.
- 4.2. Curl up cylinders (see Figure 4)
- 4.3. Join along diagonal edge.
- 4.4. Wrap wedges to form corner.
- 4.5. Fold over circles to cap ends, completing elbow.
- 4.6. Cut out part 20, curl into cylinder. Attach to 21 with seam on top as in figure 5.
- 4.7. Cut out part 22, curl into a cone, attach to 21.
- 4.8. Attach completed assembly to pineapple shell.

5. Assemble leaves

- 5.1. Cut out 12 leaves. Curl slightly in the long direction. Attach longest leaves towards the center of part 1. Attach shorter leaves around the edge of part 1.
